

ILWU Local 23 Young Workers Committee presents:

# Union Movie Night

at The Grand Cinema

It's 1920 in West Virginia. The union has come to town to organize coal miners across color lines and national origin. Violence ensues as hired guns by the coal company harass the townspeople and try to evict the miners and their families from their homes. A must see labor movie! Open to all casuals, members, pensioners, and families. Admission is free, but bring some cash to help save The Grand!

Monday, February 3rd 6:15pm
